D. 1494 the Earliest Known Writer on Bookkeeping) Reproduced and Translated With Reproductions, Notes and Abstracts From Manzoni, Dietra, Mainardi, Ompyn, Stevin and Bafforne Nearly all historians, when tracing the growth of an art or science from mere empiricism to the establishment of recognized principles, are confronted with an apparent insurmountable gap or complete silence during the period known in history as the Dark Ages. Archaeological and historical researches have convinced this civilization that in Ancient Babylon, Greece and Rome there was a high state of civilization - both industrial and social. Today we may study Aristotle s politics with great profit in our attempts to understand the political and economic conditions confronting this generation. An acquaintance with the Greek philosophers is essential in understanding our present philosophical thought. It would seem that, since we find so much help in consulting these ancient writers in an attempt to solve the political problems of today which are
