Barnyard manure must be used to supply any deficiencies, and the soil must not be allowed to become depleted before the work of restoration is taken up. Tf the farmers of our state will follow some such plan as outlined above in the handling of their home orchards and fruit 3--H. S. plantations, the matter of cultivation will he so insignificant in comparison to the returns secured that orchard cultivation will no longer be looked upon as a luxury to he indulged in only by the commercial grower, but a necessity to he need by every man who grows fruit. Prof. Moore: In connection with this paper, I have here worked out a plan for a one-acre farm orchard. This orchard contains thirty-six apple trees, four pears, eight cherries and twelve plums; it also includes currants,...
