How quickly can you prove that  $54,879,654 + 52,418,793 = 107,298,447$ ? How about instantly shouting out the square of 35? Best of all, you can do it without having to create a math problem - just yell the answer out! If math scares you, fear it no more. If math excites you, come along and learn even more. You will be entertained as you learn new ways to explore math. Prerequisite: Must be able to add and multiply single digits from one through nine. MATH 4 2-DAY IS A JOURNEY! It is a collective work from a course, titled Math-A-Nation, that is taught over six Saturdays to intellectually gifted children, grades 4 to 8. This popular course, which is the basis of the book, has been offered through the Super Saturday Program, here in Cincinnati for almost thirty years. This program, offered by PAGE - a 501(c)(3) nonprofit organization, serves the best and brightest young minds in the...
