Excerpt: . . . Corporation may have inappropriately exported controlled technologies to foreign entities in support of the ISS and Space Shuttle External Tank programs without obtaining proper export licenses. Boeing. Boeing Missiles and Space Division has potentially committed export violations as defined by the EAR. Specifically, Boeing shipped controlled technologies to foreign entities without obtaining export licenses. The Missile and Space Divisions Export Compliance Manager informed us that Division personnel inadvertently shipped berthing mechanisms for ISS components to foreign entities. The EAR, Part 736. 2, states: You may not, without a license or license exception, export any item subject to the EAR to another country or re-export any items of U. S. - origin if each of the following is true: (i) The item is controlled for a reason indicated in the applicable Export Control Classification Number, and (ii) Export to the country of destination requires a license for the control reason as indicated on the...
