Excerpt: . . . society, etc. The Illuminating Engineering Society brought all of these A historical address given at the mid-winter convention of the Illuminating Engineering Society, New York, February 10, 1916. The Illuminating Engineering Society is not responsible for the elements together; the physicist, the physiologist, the psychologist, the electrical engineer, the gas engineer, the architect, the fixture designer, the manufacturer, the school superintendent, etc. Not only have all of these been represented in the membership of the Society and its committees, but in the management as well, ---a plan which has yielded results that would have been impossible without such co-operation. The subject of lighting was discussed from all points of view, ----hygienic, economic, esthetic--in technical papers presented by individuals, committee reports and discussions at meetings; thus giving to the world a comprehensive treatment of the science and art...
